

Spring Term - Year 1

What a busy, fun filled term we have had in Year 1!

English

In **English**, we have based our work around the book 'Beegu'. Something strange had visited school and we helped to solve the mystery by using our teamwork skills to crack the code. We later enjoyed writing our own stories around our newly designed character Wheam. We recounted how Wheam crash landed on earth, thought she had discovered the perfect place and finally found her family. We blew all the Year 1 staff away with our amazing stories!

Design and Technology

In Design and Technology, we have been busy designing and constructing a moving picture. We first explored the mechanisms of a lever and slider. We then designed our own moving pictures to include these two mechanisms. We are really proud of our finished pieces and couldn't wait to take them to show our grown-ups!

World Book Day

We enjoyed exploring the theme of protecting the planet through the book 'Mother Earth is Weeping' by Claire Donald. Throughout the day we explored ways to protect our planet with a specific focus on our oceans. We completed some creative activities including creating an origami sea creature book mark and a recyclable sea.

Class Assembly

In February we spread the 'love' during our class assembly. We wanted to spread the love far and wide thinking of all the people who mean so much to us at school, home and in the wider community. We created a special piece of artwork naming all the people that mean the most to us and surprised our grown-ups with these at the end.

You have all been amazing and worked incredibly hard this half term Year One. We can't wait to celebrate all your achievements that are yet to come in the summer term. Have a wonderful Easter with your family and friends.

Keep shining!

Miss Whalley, Miss Curley, Mrs Williams and Miss Dootson x
