

## Year 1 - Summer

This half term we went on a school trip to the woods! We went to the Fairy Forest and took part in a fairy tale hunt and found lots of fairy tale characters hidden in trees. We had a campfire lunch and even got to toast our own marshmallows. We climbed on nets, swung on hammocks, made our own dens and created a home for fairies. We came home very muddy and very tired... The sign of an amazing day!

In Design and Technology we have been busy designing and creating our own portable snack. We evaluated existing products that are already on the market and then taste tested different flavoured wraps, fillings and salad to use our favourites in order to design our own product. We then used the skills of cutting, grating and spreading to add our fillings and salad to our wraps. We had some interesting combinations but we enjoyed eating them!

We all competed in our school sports day! We worked as a team to collate points for our team colour. We competed in an obstacle course, sprint, space hopper and relay races. We had such fun competing and cheering on our friends and all showed great resilience!

Well done on a fantastic year! Thank you for all the fabulous memories we have made together, I hope you all have an amazing time in Year Two and I have no doubt you will continue to shine!
