

Bedford Hall Methodist Primary School

In July 2024, Mrs Beatty had the privilege of travelling to Uganda to represent the Epworth Education Trust with the organisation Edukid.

Edukid is a charity that provides education for the poorest children in Uganda, Cambodia and Peru. It takes seriously the words of Jesus in Matthew 25:35-40 that challenges us that what we

do for 'the least of these', we do for Him. They believe in giving a hook, not a fish, by making education available, through sponsorship, to those who otherwise could not access it, thereby changing the lives of whole families.

After a long flight to Entebbe, Mrs Beatty travelled North to spend a week in Gulu, visiting the Primary school which many of our sponsor children within the Trust attend. Mrs Beatty visited the families of some pupils and heard about how transformative sponsorship has been for them. It was very moving to see the contrast of daily life for them, living in mud huts and working the land for food. Although life is hard, the Ugandan people are immensely joyful and grateful for their lives. It put into perspective the many things we take for granted here.

Mrs Beatty expected the trip to be life changing and she truly believes it has been.
