

Environmental Policy

Mighty Oaks Before and After School Club is committed to the protection of the environment through reducing pollution, emissions and waste.

As part of the induction process and through staff meetings, our staff will be informed about reducing the use of raw materials, supplies and energy.

We raise the children's awareness of environmental issues through discussions and activities within the Club.

Children and staff follow the Club's 'Eco Code':

- We re-use and recycle our waste material.
- We switch off lights when not in use.
- We turn off electrical equipment at the power source when not in use.
- We turn off taps after use and do not waste water.
- We do not drop litter.

<u>This policy was adopted by:</u> Mighty Oaks Before and After School Club	<u>Date agreed:</u> 1 st August 2020
