

Autumn 2 - Year 4

It's been another busy half term in Year 4 and a bit disruptive due to unforeseen circumstances but the children have coped with it amazingly!

Maths

In maths we have been practising (a lot) our times tables as well as learning about length and perimeter. We also had a fantastic day during Rock Star Maths Day (although we think Mrs Russell enjoyed it the most!). We had a battle with Year 3 and won and we learned a song all about the 4 times tables and performed it in our rock concert at the end of the day.

English

In English, we have been reading A Christmas Carole. To introduce the story, we got given some clues and had to discuss who we thought the characters were, what time period it was set in and what we thought might happen in the story. We produced some super narrative writing including use of inverted commas which can be a bit tricky.

Music

Mrs Goulding has been coming into school helping us get our rhythm back! She teaches us some really fun songs as well as helping us keep the beat.

Geography

In geography we have been learning about the Prime Meridian and different time zones around the world as well as improving our mapping skills. This has also been helping us with telling the time.

Reading

We have really enjoyed our different books this half term in Year 4 and some children got enough points to earn their Reading Championship bronze badges.

Christmas

We have some special visitors in school which we were all excited to see. It made Christmas this year extra-special and we cannot wait for Christmas to arrive.

Carol Service

We have loved rehearsing and performing our Carol Service this year. After not being able to perform last year, we gave it our all and it was such a special event for all involved. It was fantastic to see our families back in school.
