

## Autumn 3 - Year 3

Well done on completing your first term in Key Stage 2! We have had a fantastic term and have achieved so much in such a short space of time. Well done Year 3!

### English

This term, Year 3 have enjoyed using our 'Book as a Hook' The Incredible Book Eating Boy as a model for their own creative writing. We made sure to include the different grammar features we have learnt, including: how to use commas in a list, rhetorical questions and Capital letters for proper nouns. We have also enjoyed using the knowledge from our Harvest assembly to write a non-chronological report about Harvest explaining how and why it is celebrated.

### Maths

This term we have enjoyed celebrating Rockstar Maths Day! We spent a fun day dressed as Rock Stars and practising our times tables. We also completed our place value topic and have moved onto addition and subtraction.

### History

We have started our Autumn topic: Changes in Britain from the Stone Age to the Iron Age. We have enjoyed learning about daily life, settlements and conflict in prehistoric Britain. We look forward to continuing this topic next term.

### Geography

We have started our Autumn topic: Global Location and Place Knowledge. We have learnt about continents and oceans and have used our map skills to locate these. We have enjoyed using our Year 2 knowledge of compass points to describe the location of the continents. We look forward to continuing this topic next term.

## RE

Our enquiry focus this term was 'Why are some books Sacred?' We have enjoyed learning about the different Holy books belonging to the 6 main world religions. We have learnt how they are handled and treated. We have explored the similarities and differences in parables that appear in more than one sacred book.

## PESSPA

This term, we have enjoyed our weekly swimming lesson and look forward to continuing to improve these skills next term. In our daily PESSPA, we have been focusing on running for distance. We have worked hard to improve our personal best score each week.

## ART

This term, we have explored the artwork of Picasso and have enjoyed creating our own line art inspired by his work. We have developed our drawing skills and have learnt how to create texture and shadow.

## MUSIC

In Music, we have enjoyed singing and using our vocals to control the pitch of a song. We have also enjoyed listening to music and finding the pulse, we then used the recorders to copy the rhythm.

The children have achieved so much this term.  
Well done Year 3, have a lovely half term!
