

## Spring 2 - Year 3

### Geography

In Geography we have been focusing on the national Geography of the UK. We have explored England, Scotland, Wales and Northern Ireland and used comprehension lessons to enhance our knowledge of these areas further. We have also explored our local area of Leigh and used maps from the 1800's, 1900's and the 2000's to explore how our local had changed.

### World Book Day

This half term we celebrated World Book Day. We focused on the text 'The Colour Monster' and used this to reflect on the different emotions that we feel and how to manage our emotions to support our mental health. We focused on the 5 ways to wellbeing by taking some time out of class to 'connect' with our three-year-old nursery to share some of our favourite stories with them. We also reflected on the value of 'giving' by designing a bookmark for a secret friend and sharing this with them. For 'taking notice' we focused on a chosen book cover and had the opportunity to create our own version. We completed a yoga session to stay 'active' and finally took part in a book quiz to 'keep learning'.

### Art and Design

In Art we have been focusing on the work of the artist Megan Coyle. We have been inspired by Megan's work featuring animals and the fascinating way that she creates her pieces through using recycled materials to create collages. We have been studying the different techniques to collage and we are looking forward to creating our final pieces.

What a fabulous term you've had Year 3.  
Keep up the hard work, we are so proud of you!  
Well done!
